Policy Intent

The Return to Work (RTW) Policy is designed for workers who have been injured on the job, and aims to safely return workers to employment at the earliest possible date following an injury or illness. This policy applies to regular full-time and part-time employees, and will be followed whenever appropriate.

Policy

Chicopee Ski Club recognizes that our employees are our most important assets. As such, we are committed to providing a safe and healthy workplace. In the event of an accident in the workplace, all employees are expected to report the incident immediately to their Supervisor, Ski Patrol, Risk Manager or Human Resources. Should the injury cause the employee to require substantial time away from work, or create a disability that restricts their ability to work, the employee will be expected to return to work as soon as it is safe to do so, under the guidelines of the Chicopee Ski Club Return to Work Policy.

This Policy Shall:

1. Issue guidelines for RTW Policy requirements; and
2. Define Chicopee Ski Club expectations for employees under the RTW policy.

Policy and Procedures

In accordance with legislative and company requirements it is mandatory that all employees participate in the RTW program. It is also mandatory that all employees who sustain a work related injury report the incident in accordance with Chicopee Ski Club protocol.

For the company to properly implement the RTW Policy, it is important that employees provide Chicopee with detailed information pertaining to their inability to perform their employment duties with medical documentation, so that work alternatives may be sought out.
